

THE FACES OF AESTHETIC CARE FOR WOMEN, BY WOMEN

AESTHETICA MED SPA NJ

2 Sears Dr., Suite 101, Paramus, NJ 07652
973.304.5238 | AestheticaMedSpaNJ.com

FOLLOWING AN INDIVIDUALIZED AND CONSERVATIVE APPROACH, co-owners Dr. Debra Ibrahim and Maneeha Mahmood are committed to helping clients get to the "best version of themselves."

Aesthetica Med Spa's goal adheres to a philosophy of maximizing client expectations while delivering natural, subtle results. Before treatment is recommended, a client has a personal consultation with a professional staff member to discuss her main concerns. The process is educational. Dr. Ibrahim and Maneeha want their clients to know that maintaining their skin is a lifetime commitment. At Aesthetica, "females understand females," especially as it relates to aging skin. While many women begin more serious attention to their skin in their 30s and beyond, Aesthetica serves clients as young as teenagers.

Services provided include skin resurfacing, injectables and lasers, with many clients choosing Aesthetica for Botox® and dermal fillers. Dr. Ibrahim and Maneeha offer treatment solutions ONLY after they have evidence of proven results.
